9. “Jackie Saccoccio: Sharp Object & Apocalypse Confetti,” at 11R Gallery

This exhibition of recent works by Saccoccio comprises two distinct groups: large-scale abstract paintings on linen and a new series made with ink on Yupo polyethylene.

Installed across the gallery's two spaces, the show “visually dissects aspects of her own painting ” into two distinct bodies of work, according to a curatorial statement from the gallery. In the first gallery are calligraphic portrait drawings, while the second gallery features diaphanous group portraits.
